We keep our promises

We promise not to sell your data to any third party organisations and will only ever share it in the right legal or exceptional circumstances. Please see the section below on 'Sharing your data' for more information. Having a better understanding of our supporters through their personal information allows us to make better decisions, fundraise more efficiently and, ultimately, helps us to reach our goal of providing specialist services to disabled babies and children in and around Bridgend, and support to their families. We have updated our policy to make sure it is more understandable to our families and supporters. We believe that as Bridgend's specialist nursery for disabled babies and children and a charity reliant on donations from the public, it is in our 'legitimate interest' to send marketing information about our work to people living in and around Bridgend. However, we do not send this information to people who we have not had a previous relationship with (cold mailings). We do not buy or exchange data with other organisations. Where we send information by email we ensure we have received explicit consent from individuals to contact them in this way. Our marketing communications include information about our specialist services, fundraising, volunteering and the difference we make.

If you would like to receive these communications but have not opted in please contact us on 01656 646013 or email fundraising@ybont.com
